Dispatched to the Thoreau area at the I-40 exit 53 ramp, to watch for a possible drunk driver, Metro Dispatch advised McKinley County Sheriff's Office Deputy Paul Davis Jr. that the suspect was now at milepost 55. Davis then proceeded eastbound to that location and made contact with the vehicle at milepost 57. The vehicle was swerving from side-to-side, crossing the white-painted dotted lines and the white solid shoulder lines on the roadway.

The vehicle did not stop immediately, traveling another quarter mile before coming to a complete stop. Wilson, 51, agreed to a field sobriety test but he kept losing his balance and Davis stopped the field test to prevent injury to Wilson. When the state's Implied Consent Act Advisory was read, Wilson refused to take a breath test.

When given a second chance, Wilson agreed to a breath test and gave samples of 0.16 and 0.17. Wilson was then transported to McKinley County Detention Center and booked.

Agg. DWI, 11th Offense

Dispatched to the intersection of South Chino Loop and Highway 49, in reference to a vehicle parked in the roadway with the driver asleep inside, MCSO Deputy Brandon Salazar observed the engine was still running and the sleeping driver was breathing.

Salazar turned the engine off and removed the ignition key before attempting to wake the driver, but that didn't bother the sleeper, who immediately upon waking attempted to drive away and was incoherent.

Although Johnson, 61, agreed to a field sobriety test, it soon became evident that he could barely stand up, let alone proceed with the rigors of the test. After arresting Johnson, Salazar ran his name and discovered 10 prior convictions for DWI.

Johnson refused a breath test so Salazar obtained a warrant for a blood test. Johnson was then transported to a local hospital for the blood draw and medical clearance. He was then transported to MCDC and booked.

Evan Chavez

09.23.17, 00:15 am

Agg. DWI, 1st Offense

While on patrol on Interstate 40, Deputy Frank Villa Jr. noticed a black vehicle going eastbound that was crossing the center dotted line to the solid shoulder line multiple times.

Villa turned on his camera to record the swerving vehicle and engaged his emergency lights as the black vehicle took the milepost 26 off ramp. When Villa approached the vehicle, he noticed two occupants, but neither was in the driver's seat. Both initially denied knowing who the driver was, but eventually the backseat passenger, identified as Dustin Logg, 26, admitted it was the other guy, 27-year old Chavez.

Chavez agreed to the field sobriety test, which he failed. Logg was transported to Gallup Detox by Deputy Lorenzo Guerrero and Chavez was taken to the Sheriff's Office for a date with the IR8000, which showed two samples, one at 0.17 and 0.16. Chavez was then transported to MCDC and booked.

Agg. DWI, 1st Offense

Gallup Police Officer Douglas Hoffman responded to the area of South Puerco, in reference to a possible drunk driver that had been passed out behind the wheel but was now driving at a very slow speed (about 10 mph) and weaving on the turn into Apache Court, almost hitting the curb.

Stopping the vehicle by activating his emergency lights and siren, Officer Hoffman made contact with Begay, 35, who admitted to consuming five beers. The field sobriety test was proof enough that Begay was intoxicated and he was arrested at that time. His refusal to take a breath test elevated the charge to Aggravated DWI on what was his first offense. Begay was then taken to MCDC and booked.

Jonathan H. Gregg

During the third part of the field test, Gregg claimed he had injuries and refused to continue. Collins read Gregg the NM Implied Consent Advisory, which was refused.

Collins took Gregg to the hospital for blood work and medical clearance, which the hospital refused to take initially because of his high blood alcohol content. Gregg was then transported to MCDC after the delay and booked.

The SUV was going southbound and Molina turned around and followed the suspect vehicle. The suspect entered the parking lot of the Sports Page, drove through the lot, and then exited at a high rate of speed, still going Southbound. The vehicle then made a right turn on Debra Drive and then to the intersection of Debra and Marcy where it stopped in the middle of the road.

Officer Molina activated his emergency lights when the suspect began to move again and followed it for about a quarter mile on Cora Lee before it came to a complete stop.

As Officer Molina approached the vehicle, he noticed no one in the driver's seat, as the driver, identified as John, 22, had jumped into the rear seat with two other passengers. Those two told Molina that John had been driving and had thrown a beer can at a pedestrian, which caused the Attempt to Locate in the first place.

John refused the offer to take a field sobriety test and the breath test. John was then transported to MCDC and booked.

Agg. DWI, 1st Offense

McKinley County Sheriff's Office Deputy Roxanne Slim was on routine patrol in the Crestview area when she observed a red car traveling Westbound on State Highway 118. The car swerved off the roadway and the tires kicked up dust, which prompted Deputy Slim to activate here emergency lights.

The red car swerved into the Eastbound lane then corrected into the Westbound lane before coming to a complete stop.

Having agreed to a field sobriety test, Woody admitted having a false eye from a fight about two years ago, but no excuses were going to help him pass this test.

Slim read the Implied Consent Advisory to Woody and discovered he had two outstanding warrants, one in Gallup and one in Cibola County. A second passenger, Christopher Long, 35, also had a bench warrant and was transported to MCDL by Deputy Josie Bowman and booked.
