

## **Police announce checkpoints, saturation patrols statewide for January**

Written by Staff Reports

Friday, 29 December 2017 06:05

---

Statewide - State Police will be conducting sobriety checkpoints; saturation patrols; and registration, insurance and driver's license checkpoints in all New Mexico counties during the month of January 2018.

Police are bringing awareness to these events in an effort to reduce alcohol related fatalities through continued media attention and intensive advertising. These checkpoints are helping to change society's attitude about drinking and driving.

Hundreds of lives could be saved each year if every driver had the courage to make the right decision not to drink and drive.
