A visit to the Sports Page Lounge, 1400 S, 2nd St. in Gallup, Oct. 20 resulted in a Gamerco man losing everything he had in his vehicle to a thief.

The victim told police when he returned to his vehicle about 11 pm, he realized something was wrong.

He said he'd locked all of the doors to his car but left one of the rear windows down about two inches, and when he got to his vehicle, he found the back passenger door unlocked.

He said he also discovered the vehicle's back hood was open and they had "cleaned him out."

Among the stolen items were a work-issued laptop with McKinley County Schools on it and a cellphone.

There are no suspects at this time.
