The Gallup Police Department is working to identify two persons who were found deceased at different locations on April 8.

The first body was found around 10:15 am southeast of Rehoboth. The body had been reportedly found some some hikers.

Then around 11:30 GPD officers were called out to the area of Ninth Street and Maloney Avenue after another body was discovered.

At press time it was unknown if these two cases are connected.

More information will be published once the GPD identifies the bodies.
