Meet Alvis!

He's a 2-year-old Border Collie/Heeler mix, or a herding dog combo. This boy, whatever his mix, has come a long way.

He's sweet and loving, and also bursting at the seams with energy galore. He loves playing with the girl dogs at his foster home, and loves belly, ear and butt scratches.

Alvis is great on a leash, too. He's used to being an outdoor dog, so he's currently kenneled, but gets his indoor time and backyard time, plus plenty of walkies. Some basic training would really help him, as he aims to please.

Areas that need growth, but are getting better: jumping and marking turf. He's making improvements over time, and we just know he'll make an active family happy with his unconditional love and tender heart.

Alvis is up to date on shots and neutered.

Please email: fourcornerspetalliance@gmail.com for informaton on Alvis.
