Meet Gigi!

Gigi is about a year old, fresh out of puppyhood and looking for her furever home. Her foster says that she's a submissive type, but she loves to plop her 55 lb. body on her foster for some kissy time.

She also prefers to be outdoors, and does great on the leash after she burns off some puppy energy. Her foster doesn't have any cats or other dogs, but she came from a temporary foster that has a lot of dogs, so she's a well socialized gal.

From her markings, we believe she's a shepherd mix!
